Summer Class Descriptions

Creative Movement/Tumbling:

Introduces the student to ballet and dance through creative movement. Basic tumbling skills will be taught to help with coordination and balance.

Ballet/Jazz:

The student will be introduced to both ballet and jazz technique. Helping the dancer with flexibility and hand eye coordination.

Acro Dance/Jazz:

Introduces the student to the artistic motion of dance and the athleticism of acrobatics. This is not a gymnastics class. The acro portion will help the student with flexibility, balance and coordination to supplement their dance technique. Equipment will be used to help the student with basic acro skills. Jazz portion will utilize jazz technique to further their dance education.

Contemporary Dance

This is a style of expressive dance that combines elements of several dance genres including modern, jazz, lyrical and classical ballet. Contemporary dancers strive to connect the mind and the body through fluid dance movements.

Hip Hop

Refers to street dance styles primarily performed to hip-hop music or that have evolved as part of hip-hop culture.

Conditioning for Dancers:

This class will focus on endurance and strength training to help the advanced dancer learn techniques for keeping up with the demands of dance classes. A strength routine will be taught for use outside of the studio.

Flexibility/AcroDance:

This is not a gymnastics class. Acro will be used to help the advanced student with strength, flexibility, balance and athleticism to supplement their dance technique. Equipment will be used to help the student with basic acro skills.

Pointe

This class is invite only. An extension of classical ballet technique for the advanced ballet student only.
